

FØRTHSP4CE

MEMBER ONBOARDING

Source revision: 85c19a2

Generated: 2026-09-22

Rules and practical details can change. Read the wiki for current information.

FØ is a community hackerspace

01 Learn and make

Use FØ to learn, make projects, and test ideas.

02 Share knowledge

FØ supports events, workshops, and shared projects.

03 Operate the space

Members and residents operate FØ.

What FØ is not

01 Not a repair service

FØ is not a repair service.

02 Not a commercial office

FØ is not a commercial office.

03 No staff service

Do not expect other people to do your work or clean your area.

Trust level 1: Guest

01 Visit

A guest comes to an event or comes with a confirmed host.

02 Use resources

A guest uses resources only with permission.

03 Voting

A guest cannot vote.

Trust level 2: Member

01 Access

A member can use the space without a resident.

02 Contribution

A member pays the member contribution.

03 Decisions

A member can join discussions. Only residents can vote.

Trust level 3: Resident

01 Operations

A resident operates the space and hosts people.

02 Access

A resident has full access.

03 Decisions

A resident makes formal decisions with other residents.

Principles / 01—03

01 **Be brilliant to each other**

Listen to other people. Respect their needs and opinions.

02 **Do not oppress or bother**

Respect boundaries. Make a compromise when it is necessary.

03 **Give more than you take**

Help the space. Do not use FØ as a service.

Principles / 04—06

01 **Financial independence**

Money does not give voting rights or resident status.

02 **Do-ocracy**

You can make a small-medium or reversible change. Ask before a large and irreversible change.

03 **Dying is strictly forbidden**

Always put safety before speed or convenience.

Start the membership process

01 Visit

Come to a public event, an open evening, or a hosted visit.

02 Participate

Do useful work in the space. Work with other people.

03 Connect

Ask a member or resident to introduce you.

What a member can do

01 Use the space

Enter the space for personal projects. Use suitable shared resources.

02 Join discussions

Join community discussions.

03 Help the community

Help with projects, maintenance, and documents.

Member limits

01 **Restricted access**

Do not enter the resident room without permission. Do not use protected infrastructure or administrator credentials.

02 **Hosting**

Host a guest only when a resident is present. A public event needs a resident host.

03 **Unclear authority**

If access or authority is not clear, ask a resident.

Respect people

01 Respect each person

- > Do not insult, threaten, harass, humiliate, or corner a person.
 - > Stop the behavior when a person says that it is a problem.
-

02 Stop when asked

- > Stop the interaction when a person asks you to stop.
 - > Move a serious conflict out of the main room or public chat.
-

03 Ask before recording

- > Ask before you take a photograph of a person.
- > Ask before you publish screens, notebooks, personal items, or projects.

Identify private and shared items

01 **RED TAPE / RED STICKER @username**

YELLOW STICKER @username

Private item. Ask before use. Do not borrow without permission.

02 **GREEN STICKER @username**

WHITE TAPE @username

Shared item. Use with care.

03 **No marking**

Usually FØ property.

Use items correctly

01 **Ask first**

Ask before you use an item that is not clearly shared. Get permission before you move or disassemble an item.

02 **Return and report**

Return tools to their locations. Report damage and send a photograph.

Borrow an item

01 **Make a photo**

Make a photo of the item(s) you wanna borrow

02 **Send to Borrowed items topic**

Send the photo to the Borrowed items topic: "borrowing X for Y days"

03 **Return the item**

When someone asks, return the item immediately. It's your responsibility.

Broken Items

01 **Make a photo**

Make a photo of the broken item

02 **Send to Broken items topic**

Send the photo to the Broken items topic. Explain what happened.

03 **Tell what happened**

Things break time to time, it's okay. Notify the others so they can fix it.

Safety before hazardous work

01 Stop and ask

If you do not know how to do hazardous work, stop. Ask a person who knows the procedure.

02 Work with another person

Do not do hazardous work alone.

03 Keep the area safe

Keep exits and corridors clear. Ventilate fumes from plastic, paint, glue, or solvents.

Protect the air

01 Smoke outside

Smoke only on the balcony or near the backyard door.

02 Close the door

Close the door to keep smoke outside.

03 Protect air quality

Use aerosols only when necessary. Better to do it outside!

Alcohol and intoxication

01 Dangerous machines

Do not use dangerous machines if you are intoxicated.

02 Safe presence

Do not stay alone in the space if you are intoxicated. Leave if another person asks you to leave.

Clean your area

01 Dishes

Wash your dishes.

02 Work surfaces and tools

Clean work surfaces. Return tools to their locations.

03 Trash and projects

Take out full trash bags and install new bags. Do not leave a project in a shared area for a long time.

Close the space

01 Switch off equipment

Switch off the soldering-table power strip, heating, air conditioner, and main lights. Keep the basement-window ventilation fan on.

02 Close the doors

Close the back door and the entrance door. Make sure that all people leave with their hosts.

03 Report problems

Report damage, hazards, and unusual conditions.

Do-ocracy

01 **Small-medium / reversible**

Do the change. Be responsible for the result. Examples: move a table or install your project.

02 **Large & irreversible**

Ask in the internal chat. Make a poll. Wait for results. Then do the change.

Use meetings and votes

01 **Weekly meeting**

Add the topic to the Tuesday meeting agenda.

02 **Needs a formal decision**

Residents use a poll to make decisions. A poll usually stays open for approximately one week.

Get current information

01 Read the internal chat

Find the applicable topic.

02 Read the wiki

Read the documented rules and procedures.

03 Ask members and residents

Ask a person when the answer is not clear.

Plan an event

01 Write an event description

Include time, number of people, rooms, tools, noise, hazards, money, recording, and cleanup.

02 Find a resident host

Ask a resident to be the space host. Define responsibility for access, safety, opening, and closing.

03 Publish in the FØ channel

Publication is optional. Make the description clear for new visitors.

Host and clean an event

01 Host the event

Arrive early. Explain special rules. Make sure that a responsible host is present.

02 Clean the space

Clean tables and dishes. Return tools. Remove trash. Clear entrances.

Conflict resolution

01 **Speak privately**

If it is safe, speak with the person in private.

02 **Speak with a mediator**

Ask a neutral person to help if the private conversation does not resolve the conflict.

03 **Tell the community**

Tell the community if mediation does not resolve the conflict or the problem affects the community.

Member fee and invoices

01 Member fee

The member fee is \$30 each month.

02 Payment

Pay through @F0RTHSP4CE_bot on Telegram or at refinance.f0rth.space.

03 Invoice

REFINANCE creates one invoice each month.

REFINANCE

01 **Balance**

You have a personal balance in REFINANCE.

02 **Transfers**

Transfer money to other members and residents.

03 **Splits and fees**

Create a split to buy an expensive item with other people.
REFINANCE pays the member fee from the same balance.

What to do in the first month

01 **Connect and make**

Connect with people. Do your project.

02 **Support the space**

Read the shopping list and buy useful things. Complete quests with / quests. Donate useful equipment.

03 **Work together**

Help other people with projects. Ask for help with yours.
